

# Hawk Newsletter

## Oct-Dec 2023

*Congratulations*

**Driver of the Quarter:  
Greg Ward**

Hawk driver Greg Ward flies under the radar – and he likes it that way. But that does not mean that his hard work goes unnoticed.

Greg started as a driver with Eagle in 2015 and has been with Hawk since its inception in 2018. In that time he has been one of our most consistent and hard running drivers.

Greg is trustworthy, respectful and is a pleasure to work with. Thank you Greg, for all of your hard work and dedication! We truly appreciate it!

If you have not done so, please pick up your driver appreciation gift up in our Tucson office. We thank you for all you do to keep this country moving.

*Gas locations:*

**Please remember to fill up at Pilot and Flying J when possible**

**BREAKING NEWS**

Welcome our new driver liason, Will Kreps. He has been in the industry for 20 years, most of his experience has been in Alaska. He moved to Tucson in 2018. Make sure to stop by and say hi when in the Tucson office.

**Happy Truck  
Driver Appreciation Week**

# Maintenance & Weather Reminders:

 Reminder, even though temperatures are still up, please be sure to still watch your idling. With fuel cost continuing to increase and possible downtime due to shop repairs, try and get out of the truck when not on a 10-hour break, if at all possible.

 Also, anytime you replace the head light bulbs on your truck, please use a paper towel or plastic bag to not get the oil from you hands on the bulbs. This can shorten the life span of the bulbs.

 Chain laws are in effect in **CO** on I-70.

They will go into effect in October for **AZ, CA, NV, OR and WA.**

If it is bad enough to chain up, it is bad enough to park. Chains are only to get you to a safe haven, not to try going through a bad area and risk being in an accident.

Be safe and always remember to check road conditions ahead of you by checking the website found in the front of you atlas for the state you are going to.
